III. Identification of Funds:

Funds managed by the State Treasurer are separated into two primary portfolios based upon the intended uses of each fund.

1. The **General Fund Investment Pool**, consisting of three main components:

- General Fund Liquidity Portfolio – Immediate cash needs of the State are to be met with the General Fund Liquidity Portfolio. The General Fund Liquidity Portfolio is expected to have minimal liquidity risk and all investments in this portfolio are constrained to less than a year;
- General Fund Core Portfolio– The General Fund Core Portfolio is comprised of balances that are not necessary to meet the short-term cash flow needs of the State. Accordingly, it may be invested over a longer term than the General Fund Liquidity Portfolio; and
- General Fund TRAN Portfolio. The General Fund TRAN Portfolio may temporarily hold proceeds of short-term Tax and Revenue Anticipation Notes (TRAN), which are periodically issued and sold by the Treasurer pursuant to NMSA 1978, Section 6-12A-5, in order to anticipate the collection and receipt of anticipated revenue and after certifying the need to issue TRAN.

2. The **Bond Proceeds Investment Pool**, consisting of two main components:

- Tax-Exempt Bond Proceeds Investment Pool (Tax-Exempt BPIP) – The Tax-Exempt BPIP holds proceeds from tax-exempt general obligation and severance tax bonds issued by the Board until they are expended on capital projects.
- Taxable Bond Proceeds Investment Pool (Taxable BPIP) – The Taxable BPIP holds proceeds from taxable severance tax bonds issued by the Board until expended on capital projects.

By statute, the State Treasurer also manages funds on behalf of other entities within the State:

- **Local Government Investment Pool (LGIP)** – The LGIP is a fund created pursuant to NMSA 1978 § 6-10-10.1 to allow municipal, county, tribal and quasi-governmental bodies to remit money to the state treasurer to receive money management services on a pooled basis. The LGIP is covered by a separate investment policy.
- **The Severance Tax Bonding Fund** – The Severance Tax Bonding Fund holds severance tax receipts pledged for debt service on severance tax bonds before being spent on permitted uses or transfer to the Severance Tax Permanent Fund held by the State Investment Council.

The **Repurchase Pool**, which acts as a repository for cash balances from the portfolios managed by the State Treasurer from the Educational Retirement Board, the State Investment Council, the Public Employees Retirement Association and other entities within the state.

IV. Objectives:

All funds will be invested in a manner that is in conformance with federal, state and other legal requirements.

In addition, the Authorized Investment Officers will observe the following priorities in making investment decisions, in the order described:

1. **Safety** – the first priority is the preservation and protection of the principal of the funds to be invested;
2. **Maintenance of Liquidity Needs** – the second level of priority is maintaining sufficient availability of cash, or the capacity to obtain it without sacrificing principal loss, in order to satisfy the reasonably anticipated, continuing operational requirements of the specific fund invested; and
3. **Maximum Return on Investments** – the third priority is maximizing investment return, consistent with the higher priorities of safety and liquidity of principal.

That strategy shall incorporate the risk and return objectives articulated in this policy.

The Chief Investment Officer and Authorized Investment Officers, acting in accordance with New Mexico Statutes, written procedures and this Investment Policy and exercising due diligence shall be relieved of personal liability for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

IV. Objectives:

By statute, the LGIP is managed to an “AA” rating or better. The Chief Investment Officer and Authorized Investment Officers will comply with all rating agency criteria in order to maintain the LGIP’s statutory rating requirement.

The LGIP shall be invested with the objective of preserving a stable net asset value (NAV) of \$1.00 per share.

The Chief Investment Officer and Authorized Investment Officers, acting in accordance with New Mexico Statutes, written procedures, this LGIP Investment Policy and exercising due diligence shall be relieved of personal liability for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.
