### Report on the Audit of the Financial Statements

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information and the budgetary comparison for the General Fund of the State of New Mexico Office of the State Treasurer (the Office), a Department of the State of New Mexico, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Office's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the State of New Mexico Office of the State Treasurer, as of June 30, 2024, and the respective changes in financial position, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the State of New Mexico Office of the State Treasurer and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Honorable Michelle Lujan Grisham, Governor and  
President, State Board of Finance  
Honorable Laura Montoya, State Treasurer  
Honorable Joseph M. Maestas, P.E., State Auditor

### ***Emphasis of Matters***

#### ***Reporting Entity***

As discussed in Note 1 the financial statements of the State of New Mexico Office of the State Treasurer are intended to present the financial position and the changes in financial position of only that portion of the governmental activities, each major fund and the aggregate remaining fund information of the Office that is attributable to the transactions of the Office. They do not purport to, and do not present fairly the financial position of State of New Mexico as of June 30, 2024, the changes in its financial position, or where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the State of New Mexico Office of the State Treasurer's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Honorable Michelle Lujan Grisham, Governor and  
President, State Board of Finance  
Honorable Laura Montoya, State Treasurer  
Honorable Joseph M. Maestas, P.E., State Auditor

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis on pages 6 through 13 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Office’s basic financial statements. The schedules in the Supplementary Information section within the Table of Contents are required by 2.2.2 NMAC and are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules in the Supplementary Information section are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Except for the schedule of investment pool net position (unaudited), schedule of changes in investment pool net position (unaudited) and the schedule of asset management costs (unaudited), such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other schedules in the Supplementary Information section required by 2.2.2 NMAC are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The schedule of investment pool net position (unaudited), schedule of changes in investment pool net position (unaudited) and the schedule of asset management costs (unaudited) have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

***Other Information***

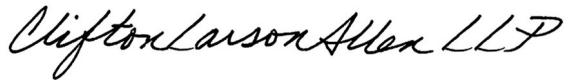

Management is responsible for the other information included in the annual report. The other information comprises the Official Roster and Exit Conference but does not include the basic financial statements and our auditors’ report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

Honorable Michelle Lujan Grisham, Governor and  
President, State Board of Finance  
Honorable Laura Montoya, State Treasurer  
Honorable Joseph M. Maestas, P.E., State Auditor

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2024, on our consideration of the State of New Mexico Office of the State Treasurer's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State of New Mexico Office of the State Treasurer's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering State of New Mexico Office of the State Treasurer's internal control over financial reporting and compliance.

Albuquerque, New Mexico  
October 30, 2024

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

The New Mexico Office of the State Treasurer's (State Treasurer or STO) Management's Discussion and Analysis (MD&A) is designed to assist the reader in focusing on significant financial issues, provide an overview of the State Treasurer's financial activity, identify changes in the State Treasurer's financial position (ability to address future year challenges), identify any material deviations from the financial plan, and identify any fund issues of concern.

The MD&A is designed to focus on the past year's activities, resulting changes and currently known facts; please read it in conjunction with the State Treasurer's financial statements and notes which follow this section.

**Financial Highlights**

The State Treasurer's total net position at June 30, 2024 was \$976,907,552. Net position at June 30, 2023 was \$987,446,827. The \$10,539,275 decrease was primarily due to the variances of transfers from other state agencies to satisfy General Obligation and Severance Tax Bond obligations.

The net position held in trust for the local government pool participants at June 30, 2024 was \$1,724,187,321. The increase of \$307,486,522 was due primarily to investment earnings and increases in bond proceeds and local government investment pool balances. These investment trust funds were held primarily in high-quality U.S. Treasury and agency securities and cash bank accounts.

The General Fund's main financing source was appropriations, which amounted to \$4,469,500 or 91.9% of all general fund revenue.

The State Treasurer's total governmental fund revenues for Fiscal Year 2024 were \$2,394,508,244. The governmental fund revenues in Fiscal Year 2023 were \$2,584,998,823. Governmental fund revenues decreased in 2024 by \$190,490,579, substantially due to an decrease in Severance Tax collections, State Property Tax Levy, and interest income from debt service funds.

The State Treasurer's total expenditures for Fiscal Year 2024 were \$6,566,796. The expenditures in Fiscal Year 2023 were \$6,431,623. Expenditures increased in Fiscal Year 2024 by \$135,173. This was mostly due to increases in the cost of issuance for General Obligation Bonds, Severance Tax Bonds and Supplemental Tax Notes.

Transfers to other state agencies for general obligation and severance tax bond debt service payments for Fiscal Year 2024 were \$2,402,417,167. Transfers to other state agencies for Fiscal Year 2023 were \$2,669,084,845. Transfers to other state agencies for debt service payments decreased by \$266,667,678 during fiscal 2024. This was primarily due to decreased debt service requirements of General Obligation and Severance Tax Bond obligations.

**Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the State Treasurer's basic financial statements. The State Treasurer's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

Government-Wide Financial Statements

The government-wide financial statements are designed to provide a broad overview of the State Treasurer's finances, in a manner similar to a private sector business. The statement of net position presents information on all of the State Treasurer's assets and liabilities, which is the difference between the two being reported as net position.

The statement of activities presents information showing how the government's net position changed during the most recent Fiscal Year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal year periods (e.g., uncollected taxes and earned but unused vacation leave).

Net Position

Table A-1 summarizes the State Treasurer's net position as of June 30, 2024. Total State Treasurer net position for Fiscal Year 2024 is \$976,907,552, the majority of which is restricted as to purpose.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources segregated for specific activities or objectives. The State Treasurer, like other State and local government entities, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the State Treasurer can be divided into two categories: governmental funds and a custodial fund.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the Fiscal Year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The State Treasurer maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances for the General Fund, General Obligation Bond Fund, and the Severance Tax Bond Fund. The General Obligation and Severance Tax Bond funds combine into a single, aggregated presentation of the activity of each individual bond issue.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

Individual bond transaction data of these governmental funds is provided in the form of combining statements elsewhere in this report. The State Treasurer classifies the Gaming Suspense Fund as a component of the general fund, as the fund has no revenue or expense activity.

The State Treasurer adopts an annual operating budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

**Fiduciary Fund**

Fiduciary funds are used to account for resources held for the benefit of parties outside the State Treasurer. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the State Treasurer's own programs.

Fiduciary funds provide the same type of information as the government-wide financial statements, only in more detail. The fiduciary fund financial statements provide separate information for the Short-term Investment Pool. The State Treasurer's fiduciary fund account for cash, securities, and other investments identified and held on behalf of local and State government agencies. The Short-term Investment Pool accounts for the Local Government Investment Pool (LGIP). This custodial fund is shown on the statement of fiduciary net position and the statement of changes in fiduciary net position as an External Investment Pool Fund.

**Notes to Financial Statements**

The notes to the financial statements provide additional information that is essential to a user's full understanding of the data provided in the government-wide and fund financial statements and begin on page 22 of this report.

**Other Information**

The combining statements referred to earlier in connection with the General Obligation and Severance Tax Bond funds are presented immediately following the notes to the financial statements. Schedules of capital assets can be found on page 47 of this report. Fiduciary schedules can be found in the separately issued Cash Flow Portfolios External and Internal Investment Pools report.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

**Table A-1  
The State Treasurer's Net Position**

	June 30,	
	2024	2023
<b>ASSETS</b>		
Investment in State General Fund Investment Pool	\$ 651,315,139	\$ 594,095,792
Due from Other Agencies	329,849,709	397,415,204
Gaming Suspense Receivables	21,146,362	20,377,653
Construction in Process	95,986	-
Capital Assets, Net	849,781	1,210,279
Total Assets	1,003,256,977	1,013,098,928
<b>CURRENT LIABILITIES</b>		
Accounts Payable and Others	25,182,928	24,211,522
Compensated Absences, Amounts Due in One Year	219,510	216,194
Lease Liability, Amount Due in One Year	227,768	227,173
Lease Liability, Amount Due After One Year	216,462	446,846
Subscription Liability, Amount Due in One Year	132,608	125,787
Subscription Liability, Amount Due After One Year	274,163	424,579
Arbitrage Liability	29,789,557	-
Total Liabilities	56,042,996	25,652,101
<b>NET POSITION</b>		
Investment in Capital Assets	94,766	(14,106)
Restricted	977,128,282	987,677,127
Unrestricted	(30,009,067)	(216,194)
Total Net Position	\$ 947,213,981	\$ 987,446,827

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the State Treasurer, assets exceeded liabilities by \$76,907,552 at the close of the most recent Fiscal Year.

By far, the largest portion of the State Treasurer's net position reflects amounts to be provided to satisfy its General Obligation and Severance Tax Bond obligations. It is the responsibility of the State Treasurer to record and administer debt service payments on behalf of the agencies and departments of the State of New Mexico. The proceeds of bond issues authorized by the State Board of Finance are transferred to various State agencies in the form of grants.

The State Treasurer anticipates the future tax revenues generated will be adequate to service the debt obligations.

The restricted portion of the State Treasurer's net position, \$977,128,282, represents resources that are subject to external restrictions on their use.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

**Changes in Net Position**

Governmental activities decreased the State Treasurer's net position by \$10,539,275. Key elements of this increase are shown in Table A-2.

**Table A-2

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

**Financial Analysis of the Government's Funds**

As noted earlier, the State Treasurer uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the State Treasurer's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the State Treasurer's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the Fiscal Year.

At the end of the current Fiscal Year, the State Treasurer's governmental funds reported combined ending fund balances of \$977,128,282, which is a decrease of \$10,548,846 in comparison with the prior year. The primary reason for the increase in fund balance is property and severance taxes exceeding debt service payments recorded as transfers to other state agencies.

The fund balance of the State Treasurer's debt service funds decreased in comparison to the prior year due to large debt service payments offset by property and severance taxes and transfers in from other agencies as disclosed on page 58 – combining schedule of revenues, expenditures and changes in fund balances – general obligation bond debt service funds, and disclosed on page 60 – combining schedule of revenues, expenditures and changes in fund balances - severance tax bond debt service funds.

**General Fund Budgetary Highlights**

There were no significant variations between the original budget and the final amended budget.

The State Treasurer initially was allocated a general fund appropriation of \$4,297,300 for Fiscal Year 2024 by the Legislature and there were no changes from the original to the final budget.

**Capital Assets, Right-to-Use Assets and Debt Administration**

**Capital Assets, Right-to-Use Assets and Subscription Assets**

The State Treasurer's investment in capital assets, right-to-use assets and subscription assets for its governmental activities as of June 30, 2024, amounts to \$849,781, net of accumulated depreciation and amortization. This investment in capital assets includes equipment. Additional information on the State Treasurer's capital assets and right-to-use assets can be found in Note 7 of this report.

**Administered Debt Service Payments**

For the year ended June 30, 2024, the State Treasurer was responsible for administering debt service payments on total bonded debt service requirements of \$2,402,417,167 all of which is secured by pledged tax revenues.

**Investment Pools**

The agency's stated objective of selecting investments is based primarily on safety, then liquidity, and finally, yield. Assets of external and internal investment pools of funds managed by the State Treasurer totaled \$17,947,893,578 at June 30, 2024, as compared to \$17,560,058,118 at June 30, 2023, an increase of \$387,835,461 or 2.2%. This increase is due primarily to increases in tax revenues which are oil and gas related and increases in State Land Office royalties and Federal Mineral & Leasing collections.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

Total net investment income (loss) was \$377,344,509 in 2023 as compared to \$794,116,875 in 2024, an overall increase of \$416,772,366. This increase was primarily due to increased interest income on investments as federal fiscal policy moved into a more robust increasing interest rate model and decreased unrealized losses on investments due to the interest rate sensitivity of these investments' fair market value. The interest income on investments increases as new investments are purchased at a higher interest rate. The agency ended Fiscal Year 2024 with unrealized gains of 109,302,771 compared to unrealized losses of (\$67,346,342) at the end of Fiscal Year 2023. The investments are adjusted to fair value as required by GASB Statement No. 31, Accounting and Financial Reporting for Certain Investment and External Investment Pools. However, these unrealized losses are not anticipated to be realized as the STO intends to hold the bonds in the portfolio to maturity, at which point the full-face amount of each bond will be received.

In Fiscal Year 2024, the State Treasurer's Office hosted ratings analysts from *Standard & Poor's* rating agency to review the status and management of the Local Government Investment Pool (LGIP), which is a pooled investment managed on behalf of local governments, school districts, higher education institutions, special districts, quasi-governmental agencies and Indian tribes and pueblos. *Standard & Poor's* representatives confirmed that the AAAM rating was reaffirmed based on a strong analysis of credit quality, market price exposure and management.

### **Economic Outlook**

During the Fiscal Year 2024, investment returns were enhanced as shorter portfolio durations enabled STO to capitalize on the rising interest rate environment. The STO's six investment portfolios produced strong investment returns versus benchmarks in Fiscal Year 2024. Outperformance ranged from (0.14%) to 0.32%, with total returns of 4.77% to 5.64%, depending on maturity restrictions and cash flows. Investing at higher interest rates produced the following purchase yields: General Fund Liquidity, 5.35%, General Fund Core, 3.53%, Severance Tax Bonding Fund, 5.32%, Tax-Exempt Bond Proceeds Pool, 4.72%, Taxable Bond Proceeds Pool, 4.38%, the Local Government Investment Pool – Short Term (ST), 5.38%, and the Local Government Investment Pool – Medium Term (MT), 5.09%.

The State Treasurer's main investment objective is to preserve the safety of the principal investment, providing liquidity when necessary and maximizing return while limiting risk requires strategic portfolio management. As the STO Investment Policy limits maturities to below five years, Federal Reserve monetary policy is key to the duration and sector decisions within the portfolios.

US Treasury yields rose in 2Q24 as the Federal Reserve kept short term interest rates unchanged at 5.25% to 5.50%. The Federal Reserve's monetary policy decisions were on hold, as they awaited more inflation and employment data, to provide the confidence they need to begin the much-anticipated short term interest rate reductions. The June FOMC meeting produced higher levels of economic projections and Federal Funds rates, vs. March, putting upward pressure on US Treasuries yields. Portfolio durations were targeted to a range of 95% to 100% of benchmarks during 2Q24, as cash flows allowed. The beginning of the Fed's monetary policy easing cycle had been data dependent and difficult to time, therefore portfolio durations have remained closer to benchmarks, in anticipation of a reduction in short term interest rates at some point in 2024. The yield curve continued to be inverted with longer duration securities yielding less than shorter ones, as investors had already priced in the potential for one to two rate reductions.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

US Treasury yields were lower in June reflecting renewed market expectations for Federal Reserve short term interest rate reductions as early as September 2024. July saw yields fall even more aggressively, with 2 to 5 year US Treasuries dropping by 0.50%. A surprisingly negative report for the CPI month-over month percentage change of -0.1%, was particularly eye-opening, while the PCE Core remained unchanged at 2.6%. The increase in the unemployment rate to 4.1% was also a catalyst for lower yields. The July 31st FOMC meeting came and went with no change in the Fed Funds rate, leaving the range at 5.25% - 5.50%. It is anticipated that the Fed will decrease rates at least two or three times before the end of the calendar year.

As interest rates have risen, the income produced in the Tax-Exempt Bond Proceeds Pool has approached the threshold of IRS arbitrage rules. The proceeds of tax-exempt securities are invested in U.S. Government and agency securities, municipal and corporate bonds. The STO made a small payment in 2024, and is expected to open a State Local Government Series (SLGS) account. as interest income earned has continued to increase. The General Fund recurring revenue showed continued strength after a record-breaking year.

**Contacting the State Treasurer's Financial Management Staff**

This financial report is designed to provide a general overview of the State Treasurer's finances for those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN  
FUND BALANCES – GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED JUNE 30, 2024**

Net Change in Fund Balances - Total Governmental Funds (statement of revenues, expenditures, and changes in fund balances)	\$ (10,548,845)
--	-----------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the statement of activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period.

Early Termination of Leased Asset, Net	(6,533)
Capital Asset Addition	95,986
Right-to-Use Leased Asset Addition	1,148
Right-to-Use SBITA Asset Addition	1,252
Depreciation Expense	(3,000)
Amortization Expense	<u>(353,365)</u>

Depreciation and Amortization Expense in Excess of Capital Outlay	(257,979)
---	-----------

Governmental Funds report lease principal payments as expenditures. However, in the statement of activities, the lease liability is reduced over the amortization period of the lease and reported as reduction of lease liability debt. In the current period, these amounts are:

373,384

Some expenses reported in the statement of activities do not require the use of current financial resources, and these are not reported as expenditures in governmental funds:

Increase in Arbitrage Liability	(29,789,557)
Increase in Compensated Absences	<u>(3,316)</u>

Expenses that do not require current financial resources	(29,792,873)
--	--------------

Change in Net Position of Governmental Activities	<u><u>\$ (40,232,846)</u></u>
---	-------------------------------

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

The financial reporting entity is a department of the State of New Mexico and these statements do not represent the complete reporting entity for the State, only New Mexico Office of the State Treasurer as a Department thereof. The Office of the State Treasurer (State Treasurer or the Office or STO) has existed continuously since 1851 (Laws 1851-1852). The Legislative Assembly of the Territory of New Mexico passed an act to establish and regulate the Treasury Department of the Territory of New Mexico. This act established the office of territorial Treasurer and designed the duties of the Treasurer. The Office of the State Treasurer is established by the New Mexico Constitution, Article V, Section 1, which provides in part:

*“The executive department shall consist of a governor, lieutenant governor, secretary of state, State auditor, State treasurer, attorney general, and commissioner of public lands, who shall, unless otherwise provided in the constitution of New Mexico, be elected for terms of four years beginning on the first day of January next after their election. The governor and lieutenant governor shall be elected jointly by the casting by each voter of a single vote applicable to both offices.”*

Statutory powers and duties of the State Treasurer are contained in numerous articles of the New Mexico Statutes Annotated. Principal statutory provisions related to the New Mexico State Treasurer's Investment Fund are listed below:

1. Sections 8-6-1 through 8-6-7 NMSA 1978 (1983 Repl.), as amended. Section 8-6-3 NMSA 1978 (1983 Repl.) provides that the State Treasurer shall receive and keep all monies of the State, except when otherwise provided, shall disburse the public money upon lawful warrants and shall keep a just, true, and comprehensive account of all monies received and disbursed.
2. Section 6-1-13 NMSA 1978 (1978 Repl.) provides that the State Treasurer shall authorize all State agency deposit accounts and shall establish conditions and reports appropriate to the accounts.
3. Section 6-8-2 NMSA 1978 (1988 Repl.) provides that the State Treasurer shall be a member of the State Investment Council. Section 6-8-6 NMSA 1978 (1988 Repl.) states that the State Treasurer shall maintain custody of the State permanent fund.
4. Sections 6-10-10 (G), (H), and (I) NMSA 1978 (1988 Supp.) empower the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in demand deposits and not immediately needed for the operation of State government in certain specified securities or investments.
5. Section 6-12A-2 NMSA 1978 is to ensure an orderly and uninterrupted flow of money to the general fund by anticipating the receipt of taxes and other State revenue.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 DEFINITION OF REPORTING ENTITY (CONTINUED)**

6. Section 6-10-10.1 NMSA 1978. Short-term investment fund created; distribution of earnings; report of investment. Items a – f follow.
  - a. There is created in the State treasury the “short-term investment fund.” The fund shall consist of all deposits from governmental entities and Indian tribes or pueblos that are placed in the custody of the State Treasurer for short-term investment purposes pursuant to this section. The State Treasurer shall maintain a separate account for each governmental entity and Indian tribe or pueblo having deposits in the fund.
  - b. If any local public body is unable to receive payment on public money at the rate of interest as set forth in Section 6-10-36 NMSA 1978 from financial institutions within the geographic boundaries of the governmental unit, then a local public finance official having money of that local public body in his custody required for expenditure within thirty days or less may, with the consent of the appropriate local Board of Finance, if any, remit some or all of such money to the State Treasurer, bank, savings and loan association or credit union for deposit for the purpose of short-term investment as allowed by this section.
  - c. Before any local funds are invested or reinvested for the purpose of short-term investment pursuant to this section, the local public body finance official shall notify and make sure funds are made available to banks, savings and loan associations and credit unions located within the geographical boundaries of their respective governmental unit, subject to the limitation on credit union accounts. To be eligible for such funds, the financial institution shall pay to the local public body the rate established by the State Treasurer pursuant to a policy adopted by the State Board of Finance for such short-term investments.
  - d. The local public body finance official shall specify the length of time each deposit shall be in the short-term investment fund, but in any event the deposit shall not be made for more than thirty days. The State Treasurer, through the use of the State fiscal agent, shall separately track each such deposit and shall make such information available to the public upon written request.
  - e. The State Treasurer shall invest the fund as provided for State funds under Section 6-10-10 NMSA 1978 and may elect to have the short-term investment fund consolidated for investment purposes with the State funds under the control of the State Treasurer, provided that accurate and detailed accounting records are maintained for the account of each participating entity and Indian tribe or pueblo and that a proportionate amount of interest earned is credited to each of the separate government accounts. The fund shall be invested to achieve its objective, which is to realize the maximum return consistent with safe and prudent management.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 1 DEFINITION OF REPORTING ENTITY (CONTINUED)**

- f. At the end of each month, all interest earned from investment of the short-term investment fund shall be distributed by the State Treasurer to the contributing entities and Indian tribes or pueblos in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the amounts in the fund were invested. No fees or transfer expenses shall be charged to the participating entities and Indian tribes or pueblos for investment in the short-term investment fund.

The State Treasurer is responsible for making the State of New Mexico's debt service and interest payments on general obligation and severance tax bonds and maintaining the related accounting records on behalf of the Department of Finance and Administration (DFA) recorded as transfers out to other state agencies. The proceeds from the issuance of these general obligation and severance tax bonds and the related debt are not part of this audit.

Certain investments owned and administered by the Department of Transportation are purchased through the State Treasurer's Office. The fair value and other ancillary information related to these investments are not included in the financial statements of the Investment Trust Fund.

**Advice and Consent by the State Board of Finance**

The State Board of Finance (Board) by statute is comprised of the State of New Mexico governor, lieutenant governor, State treasurer and four members from the general public, and each is a voting member of the Board.

The Board has the responsibility for the issuance of the general obligation and severance tax bonds and for the investment and distribution of the proceeds from such bonds. In that regard, the Board approves the issuance of all such bonds, and provides information for bond prospectuses in order to ensure compliance with financial disclosure requirements and to present information concerning bond issues in a meaningful and informative format. Debt Service Funds are maintained by the State Treasurer for Bonds issued by the Board. The State Treasurer does not record the corresponding debt obligation itself, which is a liability reported by DFA on behalf of the State. The debt is reported on the financial statements of the ACFR and the Department of Finance and Administration. The estimated arbitrage liability associated with tax exempt bonds recorded by DFA, is recorded by the Office on an annual basis. See Note 18 of the financial statements for the FY24 arbitrage liability recorded.

**Use of Estimates in Preparing Financial Statements**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Financial Reporting Entity and Basis of Presentation**

The financial statements for the State Treasurer have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

The State Treasurer is an office of the State of New Mexico. The financial statements and notes to the financial statements include all funds for which the State Treasurer is responsible. These financial statements only present activity related to the State Treasurer's Office. The State Treasurer receives funding from state and federal sources and must comply with the requirements of these funding source entities. However, the State Treasurer is not included in any other governmental "reporting entity" as defined by GASB pronouncements, since the State Treasurer is elected by the public and has decision making authority, the power to designate management, and the ability to significantly influence operations and have primary financial accountability for fiscal matters. In addition, there are no component units as defined in GASB Statement 14, as amended, which are included in the State Treasurer's reporting entity.

The Office has implemented GASB 79 and accounts for its investment in the State General Fund at amortized cost which approximates fair value.

The Office adopted Governmental Accounting Standards Board Statement No. 84, *Fiduciary Activities* (GASB 84) which establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Financial Reporting Entity and Basis of Presentation (Continued)**

The Office of the State Treasurer has implemented GASB 84, Fiduciary Activities. In prior years, the State General Fund Investment Pool (SGFIP), Bond Proceeds Investment Pool (BPIP), and Local Government Investment Pool (LGIP) were all shown as fiduciary funds managed by the State Treasurer and were consolidated and reported as an Investment Trust Fund of the State on the financial statements of the Office of the State Treasurer. The adoption of GASB 84 – Fiduciary Activities changes the presentation of the investment pools for STO. Each of the investment pools needs to be evaluated to ensure that the definition of an Investment Trust Fund is met. In accordance with GASB 84, Investment Trust Funds are used to report activities from the external portion of investment pools. Additionally, in accordance with NM Department of Finance and Administration (DFA) Guidance on GASB 84 implementation, each agency of the State is a part of the State as a reporting entity, not a stand-alone entity. As such, any amounts that are owed to other State agencies by any of the investment pools are not considered a fiduciary activity of STO, since they would be considered internal in nature. The only amounts that should be shown as fiduciary activities should be the items that are held in trust arrangements for external parties (outside the State of New Mexico).

Upon implementation of GASB 84, the State Treasurer identified that two of the investment pools, the BPIP and the SGFIP, were internal to the primary government, the State of New Mexico, and not fiduciary activities of the Office. These two funds are no longer included in the financial statements of the Office of the State Treasurer. The third fund, the LGIP, meets the definition of an external investment pool and is identified as a custodial fund in the financial statements of the Office of the State Treasurer. All three funds are included in a separate financial statement, the State of New Mexico Office of the State Treasurer Cash Flow Portfolios External and Internal Investment Pools. A copy of the report can be obtained by writing the New Mexico State Treasurer, P.O. Box 5135, Santa Fe, NM 87505 or available on the NM Office of the State Auditor Website.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and custodial funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the current financial resources measurement focus and the accrual basis of accounting, as are the custodial fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. General State Levy and Severance Tax revenues are recognized as revenues in the year for which they are billed.

Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation  
(Continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The government reports the following major governmental funds:

**General Fund**

The government's primary operating fund is the General Fund (SHARE Fund 18200). It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund is funded through the 2020 General Appropriation Act and the General Fund Compensation Appropriation Act, 1<sup>st</sup> Special Session (Laws of 2020, Chapter 5), and is subject to reversions.

**Debt Service Funds**

*The General Obligation Bond Fund* (see Schedules 1 and 2 in the Supplementary Information section for SHARE Fund numbers) accounts for payment of principal and interest on general obligation bonds. Financing sources are provided through the collection of property tax levies by other State agencies. The fund does not receive State General Fund appropriations that are subject to reversion.

*The Severance Tax Bond Fund* (see Schedules 3 and 4 in the Supplementary Information section for SHARE Fund numbers) accounts for tax receipts levied by other State agencies upon natural resource products, severed and saved from the lands of the State of New Mexico, and to account for payment of principal and interest on severance tax bonds. The fund does not receive State General Fund appropriations that are subject to reversion.

Additionally, the government reports the following fiduciary fund:

*The LGIP Short-Term Investment Pool* (SHARE Fund 68599) accounts for cash, securities and other investments identified and held in custody only for the Local Government Investment Pool (LGIP).

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Deposits and Investments**

Investment in the State General Fund Investment Pool (SGFIP) represents each fund's share of the SGFIP. The State Treasurer's Office manages the SGFIP for the State.

The State Treasurer's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the State Treasurer to invest in, subject to various restrictions, U.S. government debt securities; U.S. government agency debt securities; commercial paper; corporate bonds; asset backed debt securities; repurchase agreements; bank, savings and loan association or credit union deposits; variable rate notes; tax-exempt securities; securities issued by the State or a political subdivision of the State, or an agency, institution or instrumentality of the State, and money market mutual funds.

**Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans).

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

**Capital Assets**

Capital assets, which include equipment and major SHARE software upgrades, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year per 12-6-10 NMSA 1978. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. Information technology equipment, including software, is being capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.20.1.9 C (5).

Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized in the year in which the project was completed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Capital Assets (Continued)**

Right-to-use leased assets of the Office include a building. Right-to-use lease assets are recorded at the value of the corresponding lease liability at the inception of the lease. The cost of maintenance and repairs that do not add to the right-to-use lease asset value or materially extend assets lives are not capitalized. There is lease liability debt related to the right-to-use lease assets. Right-to-use lease assets of the Office are amortized over the contractual term of the lease using the straight-line method.

Capital Assets of the State Treasurer is depreciated or amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	
Office Equipment	5 Years
Computer Equipment	5 Years
Computer Software	5 Years
Building	5 Years

**Compensated Absences**

Employees are entitled to accumulate annual leave at the rate based on appointment date and length of continuous service. A maximum of 240 hours of such accumulated annual leave may be carried forward after the pay period beginning in December and ending in January. When employees terminate, they are compensated for accumulated unpaid annual leave as of the date of termination, up to a maximum of 240 hours.

Employees are entitled to accumulate sick leave at the rate of 3.69 hours per pay period. There is no limit to the amount of sick leave which an employee may accumulate. State agencies are allowed to pay fifty percent (50%) of each employee's hourly rate for accumulated sick leave over 600 hours up to 120 hours. Payment may be made only once per fiscal year at an employee-specified pay period in January or July.

**Lease Liability**

The State Treasurer determines if an arrangement is a lease at inception. Leases are included in lease assets and lease liabilities in the statements of net position.

Lease assets represent the Office's control of the right to use an underlying asset for the lease term, as specified in the contract, in an exchange or exchange-like transaction. Lease assets are recognized at the commencement date based on the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. Lease assets are amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

Lease liabilities represent the Office's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the commencement date based on the present value of expected lease payments over the lease term, less any lease incentives. Interest expense is recognized ratably over the contract term.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Lease Liability (Continued)**

The lease term may include options to extend or terminate the lease when it is reasonably certain that the Office will exercise that option.

The Office has elected to recognize payments for short-term leases with a lease term of 12 months or less as expenses as incurred, and these leases are not included as lease liabilities or right-to-use lease assets on the statements of net position.

Significant lease terms are disclosed in Note 9.

The Office accounts for contracts containing both lease and nonlease components as separate contracts when possible. In cases where the contract does not provide separate price information for lease and nonlease components, and it is impractical to estimate the price of such components, the State Treasurer treats the components as a single lease unit.

**Subscription-Based Information Technology Arrangements**

SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

The Office determines if an arrangement is a SBITA at inception. The Office recognizes a subscription liability and an intangible right-to-use SBITA asset (subscription asset) in the governmental activities. SBITAs follow the same policy as leases.

**Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are not reported as liabilities in the applicable governmental activities. The State Treasurer is not the issuer of the debt, nor is it ultimately responsible for the debt. The details of the long-term debt are reported on the financial statements of the Annual Comprehensive Financial Reporting (ACFR) unit within the Department of Finance and Administration.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Net Position**

The government-wide statements utilize a net position presentation categorized as follows.

The government-wide financial statements utilize a net position presentation. Net position is categorized as investments in capital assets (net of related debt), restricted and unrestricted.

*Net Investment in Capital Assets* is intended to reflect the portion of net position which is associated with nonliquid capital assets less outstanding capital asset related debt.

*Net Position – Restricted* are liquid assets (generated from revenues and not bond proceeds) which have third-party (statutory or granting agency) limitations that are legally enforceable on their use. When there is an option, the State Treasurer spends restricted resources first. Net position is restricted by the bond indenture for debt service. Restricted net position totals \$977,128,282.

*Unrestricted Net Position* are all other assets that do not meet the definition of “restricted assets” or “investments in capital assets”.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Office did not have any items that qualified for reporting in this category as of June 30, 2024.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Office did not have any items that were required to be reported in this category as of June 30, 2024.

**Adoption of New Accounting Standards**

GASB Statement No. 100, Accounting Changes and Error Corrections, issued June 2022 and was adopted by the Office with its fiscal year ending June 30, 2024. Statement No. 100 provides guidance on the accounting and financial reporting for each type of accounting change and error corrections. The adoption of this standard had no effect on the financial statements of the Office.

**NOTE 3 STATE GENERAL FUND INVESTMENT POOL**

Compliant with Statute 6-10-3 (NMSA 1978), and to optimize state cash management and investment practices, funds of various state agencies are deposited in the State General Fund Investment Pool (SGFIP). This pool is managed by the New Mexico State Treasurer’s Office. Claims on the SGFIP are reported as financial assets by the various agencies investing in the SGFIP.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 3 STATE GENERAL FUND INVESTMENT POOL (CONTINUED)**

A reconciliation of claims on the SGFIP to the related assets managed by STO assets is performed monthly. There is no material difference between the two amounts.

State law (Section 8-6-3 NMSA 1978) requires the State Treasurer's cash be managed by the New Mexico State Treasurer's Office. Accordingly, the investments of the State Treasurer consist of an interest in the State General Fund Investment Pool managed by the New Mexico State Treasurer's Office.

At June 30, 2024, the State Treasurer's Office had \$651,315,139 invested in the State General Fund Investment Pool.

*Interest Rate Risk* – The New Mexico State Treasurer's Office has an investment policy that limits investment maturities to five years or less on allowable investments. This policy is means of managing exposure to fair value losses arising from increasing interest rates. This policy is reviewed and approved annually by the New Mexico State Board of Finance.

*Credit Risk* – The New Mexico State General Fund Investment Pool is not rated.

**NOTE 4 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**Budgets and Budgetary Accounting**

Per the General Appropriation Act, the State of New Mexico shall follow the modified accrual basis of accounting for governmental funds in accordance with the manual of model accounting practices issued by the Department of Finance and Administration. The budget is adopted on the modified accrual basis of accounting except for accounts payable accrued at the end of the fiscal year that does not get paid by the statutory deadline per Section 6-10-4 NMSA 1978. Those accounts payable that do not get paid timely must be paid out of the next year's budget. Encumbrances related to single year appropriations lapse at year end. Appropriation periods are sometimes for periods in excess of twelve months (multiple-year appropriations). When multiple-year appropriation periods lapse, the authority for the budget also lapses and encumbrances can no longer be charged to that budget. The legal level of budgetary control is at the appropriation unit level.

The debt service funds of the State Treasurer are not budgeted.

The State Treasurer follows these procedures in establishing the budgetary data reflected in the financial statements:

1. By September 1, the State Treasurer prepares a budget appropriation request by category to be presented to the next legislature.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 4 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)**

**Budgets and Budgetary Accounting (Continued)**

2. The appropriation request is submitted to the DFA's Budget Division and to the Legislative Finance Committee (LFC).
3. The DFA makes recommendations and adjustments to the appropriation request which becomes the Governor's proposal to the Legislature.
4. LFC holds hearings on the appropriation request, also submitting recommendations and adjustments before presentation to the Legislature.
5. Both the DFA's and LFC's recommended appropriation proposals are presented to the Legislature for approval of the final budget plan.
6. Budgetary control is exercised at the program activity category level of the State Treasurer as a whole and changes are approved by the DFA.
7. Formal budgetary integration is employed as a management control device during the year for the General Fund only. The debt service funds (General Obligation Bond Funds and Severance Tax Bonding Funds) are nonbudgeted funds.
8. The General Appropriations Act of 2004 established the modified accrual basis of accounting as the budgetary basis of accounting for the State of New Mexico beginning July 1, 2004. Accordingly, future budgets will be prepared using the modified accrual basis of accounting.
9. The State Treasurer's budget for the fiscal year ended June 30, 2024, was amended in a legally permissible manner by reallocating line-item category totals as the need arose during the fiscal year. Individual amendments were not material in relation to the original budget.

**NOTE 5 INVESTMENTS POOLS**

The State Treasurer operates four separate investment pools. The General Fund Investment Pool and two consolidated Bond Proceeds Investment Pools which are presented in the Office of the State Treasurer Cash Flow Portfolios External and Internal Investment Pools separate report. The Local Government Investment Pool is presented in the fiduciary fund financial statements. The local Government Investment Pool is described in more detail below:

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 5 INVESTMENTS POOLS (CONTINUED)**

**Local Government Investment Pool (LGIP) (Short-Term Investment Pool)**

Cities, counties, and other agencies invest monies in the State Treasurer's external investment pool (LGIP). In fiscal year 2016, LGIP implemented a portion of GASB No. 79 *Certain External Investment Pools and Pool Participants* (see Note 7 for further detail), which permits external investments pools to elect to measure all of their investments at amortized cost. The LGIP investments are presented at fair value based on the valuation date in the financial statements. The individual participant balances remain at their amortized cost. As of June 30, 2024, LGIP amortized cost approximated fair value, the difference is immaterial (see Schedule of Investments – Custodial Funds).

The State Treasurer Local Government Investment Pool is not SEC registered. Section 6-10-10.1, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment fund in securities that are issued by the United States government or by its departments or agencies, and are either direct obligations of the United States or are backed by the full faith and credit of the United States government, or are agencies sponsored by the United States government. The Local Government Investment Pool investments are monitored by the same investment committee and the same policies and procedures that apply to all other State investments. The pool does not have unit shares. Per Section 6-10-10.1F, NMSA 1978, at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the amounts were invested. Participation in the Local Government Investment Pool is voluntary. As of June 30, 2024, the WAM(R) of the LGIP was 30 days, and the WAM(F) was 39 days. The fund was rated AAAM by *Standard & Poor's* as of June 30, 2024.

**Custodial Fund Presentation**

The fiduciary fund financial statements of the State Treasurer's Office reflect the external portion of the LGIP in which the participants of the pool are non-component agencies of State government. The LGIP is included, along with the other Investment Pools in the separate audited financial statements of the State Treasurer's Office Cash Flow Portfolios External and Internal Investment Pools. A copy of the audited financial statements can be obtained by writing the New Mexico State Treasurer, P.O. Box 5135, Santa Fe, NM 87505 or available on the NM Office of the State Auditor Website.

**Investment Guidelines and Limitations**

The investment policy is a comprehensive guide governing the investment functions of the New Mexico State Treasurer with respect to all financial assets of the State of New Mexico invested by the State Treasurer in the exercise of her authority and for which the State Treasurer acts as the investing authority. These assets include, as examples only, the State General Fund, the Local Government Investment Pool, bond proceeds, bond debt service funds, and those pension and permanent funds and other special funds with respect to which the State Treasurer is the investing authority.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 5 INVESTMENTS POOLS (CONTINUED)**

**Investment Guidelines and Limitations (Continued)**

The investment policy and the public finance investment decisions of the State Treasurer must serve and satisfy several fiduciary, fiscal and financial obligations. In making these decisions and in resolving any conflict or competing considerations that may arise from time to time among these obligations, the State Treasurer will observe the following priority:

1. Preservation of Principal – to ensure the performance of basic governmental functions, the first priority must be accorded to the preservation and protection of the principal of the funds to be invested;
2. Maintenance of Liquidity – the second level of priority must be accorded to maintaining sufficient liquidity to satisfy the reasonably anticipated, continuing operational requirements of State Government, and
3. Maximum Return – the third priority must be accorded to maximizing investment return, through budgetary and economic cycles, consistent with the higher priority accorded to the security and liquidity of the principal.

The standard of prudence to be applied in the investment of State assets shall be the “Prudent Person” rule that specifies that: “Investments shall be made with the judgment and care, under circumstances then prevailing, that persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.”

The State Treasurer or his designees, acting in accordance with this policy and any other written procedures pertaining to the investment of public money and exercising due diligence, shall be relieved of personal responsibility, if any, for credit risk or market price changes of a particular security, provided that deviations from expectations are timely noted and appropriate action is taken to control and prevent further adverse developments.

The scope of investment authority of the State Treasurer is defined by the applicable investment statutes and constitutional provisions, principally Sections 6-10-10, 6-10-25, 6-10-26, 6-10-37, 6-10-44 and 6-14-10.1, NMSA 1978, as well as Article VIII, Section 4 of the New Mexico Constitution, specifying particular types of investments that may be made by the State Treasurer, which establish certain prerequisites, limitations and other requirements relating to those investments. Moreover, the State Treasurer, in his discretion, may further limit or restrict those investments.

The State Treasurer and the State Board of Finance have determined that only the following statutorily authorized investments may be made, and these investments shall be subject to further limitations or restrictions as follows:

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 5 INVESTMENTS POOLS (CONTINUED)**

**Investment Guidelines and Limitations (Continued)**

- a. U.S. Government Obligations – Securities backed by the full faith and credit of the U.S. Government including direct obligations of the U.S. Treasury and obligations of U.S. Government agencies and instrumentalities which are guaranteed by the U.S. Treasury. Investments shall be limited to a maximum maturity of five (5) years at the time of purchase, except securities for any advance refunding escrow which may be invested in securities with a maturity of more than five (5) years. These securities may be either fixed rate or variable rate.
- b. U.S. Government Agency Obligations – Securities issued or guaranteed by U.S. Government agencies, instrumentalities or sponsored enterprises, but which are not backed by the full faith and credit of the U.S. Government. These securities include mortgage-backed certificates, collateralized mortgage obligations, and debentures issued by the Federal Home Loan Mortgage Corporation and the Federal National Mortgage Association.

Also included are direct obligations of the Federal Farm Credit Bank and the Federal Home Loan Bank. These obligations shall consist of discount notes, notes and debentures with either fixed or LIBOR-based floating rate coupons. Investments in U.S. Government agency obligations shall be limited to a maximum maturity of five (5) years at the time of purchase.

- c. Commercial Paper – Unsecured obligations with a maturity up to 270 days at the time of purchase issued by corporations organized and operating within the United States. The commercial paper shall have investment grade ratings and shall not be split-rated. If the rating declines below investment grade, the State Treasurer's Investment Committee (STIC) will meet to evaluate a course of action.
- d. Corporate Bonds – Debt instruments issued by a corporation organized and operating in the United States with a maturity not exceeding five (5) years at the time of purchase. Corporate bonds with maturities up to three (3) years shall be rated A1 or better at the time of purchase. Corporate bonds with maturities between three (3) and five (5) years shall be rated AA or better. If the rating declines below investment grade, then the State Treasurer's Investment Committee (STIC) will meet to evaluate a course of action.
- e. Asset-Backed Obligations – Debt instruments which are backed by defined cash flows or receivables with a final maturity not exceeding five (5) years at the time of purchase and rated AAA, or its equivalent, by all national rating agencies that rate the security. If the rating declines below AAA, or its equivalent, then the STIC will meet to evaluate a course of action.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 5 INVESTMENTS POOLS (CONTINUED)**

**Investment Guidelines and Limitations (Continued)**

- f. Repurchase Agreements – Contracts for the present purchase and resale at a specified time in the future of specific securities at specified prices at a price differential representing the interest income to be earned by the State. No contract shall be invested in unless the contract is fully secured by obligations of the United States, or its agencies or instrumentalities, or other securities backed by the United States having a market value of at least one hundred two percent (102%) of the amount of the contract. Repurchase agreements and flexible repurchase agreements shall be limited to a maximum maturity of one (1) year, but flexible repurchase agreements, in which bond proceeds are invested, may have a maximum maturity of three (3) years. Repurchase agreements for the Local Government Investment Pool shall be limited to a maximum maturity of thirty (30) days, although any underlying U.S. government obligations pledged as collateral may have maturities extending beyond the term of such repurchase agreements. Subject to these conditions and the prior approval of the State Board of Finance with respect to the custodial undertaking agreement, tri-party repurchase agreements are proper investments under this policy.
- g. Bank, Savings and Loan Association or Credit Union Deposits – Deposits are allowed in certified and designated New Mexico financial institutions whose deposits are insured by an agency of the United States. All deposits will comply with state statute and State Board of Finance policies related to interest rate and collateral requirements. CD deposits shall not be made with custodial banks. Deposits shall be limited to a maximum maturity of three (3) years. A deposit in any credit union shall be limited to the amount insured by an agency of the United States.
- h. Variable Rate Notes – Variable rate notes (VRN) may be United States government obligations, commercial paper or repurchase agreements. The use of VRNs is considered to be prudent in the management of the portfolio within certain maturity and index rating.
- i. Municipal Securities – Pursuant to 6-14-10.1, the State Treasurer or designee may also invest in municipal securities that at the time of purchase are investment grade and have a final maturity of up to three (3) years. If the rating declines below investment grade, then the STIC will meet to evaluate a course of action.
- j. Securities Issued by the State or a Political Subdivision of the State, or any Agency, Institution or Instrumentality of the State or a Political Subdivision – These include, but are not limited to, the New Mexico Mortgage Finance Authority, the New Mexico Finance Authority and the New Mexico Educational Assistance Foundation, if the statute authorizing the issuance of such securities expressly authorizes the State or the State Treasurer to purchase such security.

JUNE 30, 2024**

**NOTE 5 INVESTMENTS POOLS (CONTINUED)**

**Investment Guidelines and Limitations (Continued)**

- k. Government Money Market Mutual Funds – Shares of an open-ended diversified investment company that: (i) is registered with the United States Securities and Exchange Commission; (ii) complies with the diversification, quality and maturity requirements of Rule 2a-7, or any successor rule, of the United States Securities and Exchange Commission applicable to money market mutual funds; (iii) assesses no fees pursuant to Rule 12b-1, or any successor rule, of the United States Securities and Exchange Commission, no sales load on the purchase of shares and no contingent deferred sales charge or other similar charges, however designated, provided that the State shall not, at any time, own more than five percent (5%) of a money market mutual fund's assets, and (iv) is rated AAA or equivalent by a nationally recognized rating agency. In addition, the State Treasurer may act as the investing authority for those agencies which have independent statutory authority to invest. The State Treasurer shall act in a manner consistent with each agency's guidelines and directives.
  
- l. Local Government Investment Pool – General fund dollars may be invested in the Local Government Investment Pool (LGIP), up to five percent (5%) of the LGIP.

**Unauthorized Investments/Investment Actions**

The State Treasurer will not borrow funds for the sole purpose of investing those funds at a higher yield. The State Treasurer is not authorized by law to invest or as a matter of policy has determined not to invest in securities, assets, investment agreements or instruments except as specifically permitted in this Investment Policy. Accordingly, as examples only, the following securities, assets, investment agreements or instruments are presently impermissible:

1. Common or preferred stock
2. Exchange traded future contracts
3. Inverse floaters
4. Whole-loan mortgage obligations
5. Interest only and principal strips only as they relate to asset-backed obligations
6. Currency swaps
7. Range notes and index amortizing notes
8. Reverse repurchase agreements
9. Short sale

OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 5 INVESTMENTS POOLS (CONTINUED)**

**Cash on Deposit in the LGIP Pool**

Cash on deposit in the LGIP Pool represents the demand deposit account with the fiscal agent bank. Current year transactions reflect all banking activity for the fiscal year as well as the activity of investments purchased and disposed of during the fiscal year.

The State Treasurer invests all public monies held in excess of the minimum compensating balance maintained with the fiscal agent bank in accordance with an investment policy approved by the State Board of Finance.

The State Treasurer invests excess cash balances on behalf of certain earmarked funds of State agencies identified by State statute and local governments. Interest earnings are distributed based on average outstanding cash balances for local governments and the State agencies where interest is allowed to be earned.

The State Treasurer deposits public monies with New Mexico financial institutions in denominations which generally are in excess of the \$250,000 in insurance coverage provided by federal agencies. Accordingly, the State Treasurer requires that depository financial institutions provide additional collateral for such investments. The collateral generally is in the form of marketable debt securities and is required in amounts ranging from fifty percent (50%) to one hundred two percent (102%) of the par value of the investment dependent upon the institution's operating results and capital.

At June 30, 2024, collateral pledged to public money deposits was as follows:

Cash in Bank (Bank Balance)	\$ 125,654,870 *
Less: FDIC Insurance Coverage	-
Total Unsecured Public Funds	\$ 125,654,870
Collateral Requirement (50%, 75% Or 102%) of Uninsured Public Funds	\$ 128,167,967
Collateral Pledged:	
Surety Bond Letter of Credit	287,818,631
Total Excess Collateralized	\$ 159,650,664

\* Fiscal agent bank is required to collateralize the monthly average balance. Refer to the Schedule of Collateral Pledged by Depository for reconciliation in the Investment Pools financial statements as of June 30, 2024.

OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 5 INVESTMENTS POOLS (CONTINUED)**

**Fair Value of Investments**

Investments are recorded at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease in investment assets and investment income.

The Office categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The fair value of investments administered by the State Treasurer at June 30, 2024, follows:

	Fair Value Measurements Using			Fair Value June 30, 2024
	Quoted Prices Level 1	Observable Inputs Level 2	Unobservable Inputs Level 3	
Debt Securities:				
U.S. Government Bonds	\$ -	\$ 825,821,199	\$ -	\$ 825,821,199

Total Investments Measured at Fair Value	<u>\$ -</u>	<u>\$ 1,266,894,508</u>	<u>\$ -</u>	<u>\$ 1,266,894,508</u>

**Fiscal Agent Bank**

As of April 28, 2022, the State Board of Finance entered into an agreement with an effective date of April 30, 2022 with Wells Fargo Bank in Albuquerque to provide banking services as Fiscal Agent for the State of New Mexico for a period of eight years, the term of this contract is set to expire on April 30, 2030.

**Custody Bank**

The State Board of Finance and JP Morgan Chase entered into an agreement whereby JP Morgan Chase would provide banking services as Custody Bank for the State of New Mexico effective July 1, 2014, for a two-year period, with the option to renew for up to six additional years at the discretion of the State Board of Finance. The Office exercised its option to extend the term until June 30, 2022. On June 29, 2022 a new custody bank contract was executed with an effective date of July 1, 2022 expiring after four years on June 30, 2026.

**Custodial Credit Risk**

Custodial credit risk is the risk that the State Treasurer will not be able to recover the value of its deposits, investments or collateral securities that are in the possession of an outside party if the counter party fails. Investment securities are exposed to risk if the securities are uninsured, are not registered in the name of the State Treasurer and are held by either the counterparty or the counterparty's trust department or agent but not in the State Treasurer's name.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 5 INVESTMENT POOLS (CONTINUED)**

**Custodial Credit Risk (Continued)**

The State Treasurer's Investment Policy for safekeeping and custody states that all investment securities purchased by the State, held as collateral on repurchase agreements or held as collateral on securities lending arrangements shall be held in third-party safekeeping at a fiduciary qualified to act in this capacity. All securities held for the State account will be held free and clear of any lien and all transactions will be conducted in compliance with Section 6-10-10(O) NMSA 1978, which requires contemporaneous transfer and same day settlement. On a monthly basis, the custodian will provide reports which list all transactions that occurred during the month and all securities held for the State at month-end, including the book and market value of holdings. The fiscal agent and representatives of the custodian responsible for, or in any manner involved with, the safekeeping and custody process of the State shall be bonded in such a fashion as to protect from losses from malfeasance and misfeasance.

The State Treasurer's Office Collateral Manager reviews and tracks all state funds held in state depository institutions. Deposits and collateral are reviewed daily and a statutorily required risk assessment is performed quarterly, although the assessments are not intended as an opinion as to the financial health of the subject institution. The \$125,654,870 in balances are collateralized in compliance with NMAC 2.60.4. Although in compliance with NMAC 2.60.4 as of June 30, 2024, there was \$-0- of the State Treasurer's bank balances exposed to custodial credit risk as uninsured and uncollateralized.

**Credit Risk**

The State Treasurer's fixed income portfolio investment policy sets credit quality rating guidelines and benchmark indices for each of its sub-asset classes and/or as outlined in each portfolio manager contract.

The quality ratings of investments in fixed income securities as described by nationally recognized statistical rating organizations (*Standard & Poor's*) at June 30, 2024, for the Local Government Investment Pool are as follows:

<u>Securities by Quality Rating</u>	<u>Fair Value</u>	<u>Percentage of Portfolio</u>

**Concentration of Credit Risk**

Concentration of credit risk is the risk of loss that may arise in the event of default by a single issuer. It is the policy of the State to diversify its investment portfolios. Assets shall be diversified to reduce the risk of loss resulting from an over-concentration of assets in a specific maturity, a specific issuer or a specific class of securities. The following diversification limitations shall be imposed on the portfolio:

1. Investment maturities will be staggered to avoid undue concentration of assets in a specific maturity sector and to reflect cash flow requirements.
2. Investment in callable instruments is permitted for the State General Fund, but the amount invested in callable instruments should not exceed twenty-five percent (25%) of the total amount invested of each portfolio. Investment in callable investments may be allowed in the local government investment pool, bond proceeds, bond debt service funds and such pension and permanent fund monies for which the State Treasurer is the investing authority. Investment in callable investments is prohibited for tax and revenue anticipation note proceeds (and any other liquidity vehicle).
3. The maximum level of CD deposits for the entire portfolio shall be \$400 million with not more than \$30 million in any single financial institution. The State Board of Finance urges banks to loan this money out in their respective local communities to spur economic development.

**NOTE 5 INVESTMENT POOLS (CONTINUED)**

**Concentration of Credit Risk (Continued)**

4. Investments in commercial paper, corporate bonds and asset-backed obligations shall not exceed forty percent (40%) of assets of each portfolio. Commercial paper and corporate bonds shall be limited, per issuer, to five percent (5%) of each portfolio.
5. Investments in United States agency securities issued by any single agency shall be limited to thirty-five percent (35%) of the combined portfolios.
6. Investment in repurchase agreements from any single provider shall be limited to thirty-five percent (35%) of the combined portfolios.
7. Investment in commercial paper and corporate bonds guaranteed by the full faith and credit of the United States government, with a final maturity not to exceed the expiration date of any such guarantee, shall not exceed forty percent (40%) of the assets of each portfolio. Commercial paper and corporate bonds guaranteed by the full faith and credit of the United States government shall be limited, per issuer, to twenty percent (20%) of each portfolio.
8. United States Government Agency issued mortgage-backed securities and collateralized mortgage obligations shall be limited to twenty-five percent (25%) of a portfolio.
9. Securities issued by a municipal entity shall be limited to fifteen percent (15%) of a portfolio.
10. Securities issued by the State or a political subdivision of the State, or any agency, institution or instrumentality of the State shall be limited to fifteen percent (15%) of the general fund portfolio.
11. Investment in money market mutual funds shall be limited to open-ended 2a-7 rated funds that invest in U.S. Treasury and agency securities and shall be limited to 10% of a portfolio.

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the investments. The State Treasurer recognizes that any portfolio of marketable investment securities is subject to interest rate risk. The State Treasurer, in an attempt to limit the possibility of loss due to interest rate fluctuations, will attempt to match investments with anticipated cash requirements. The State Treasurer or designee shall give particular emphasis to the following factors when selecting a specific security for inclusion in the portfolio:

1. Relative Yield to Maturity – Comparison of return available from alternative investments for comparable maturity dates.
2. Marketability – Analysis of relative marketability of alternate investments in case of forced sale or possibility of future trades.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 5 INVESTMENT POOLS (CONTINUED)**

**Interest Rate Risk (Continued)**

3. Intermarket Yield Analysis – Analysis of the spread relationship between sectors of the market (e.g., Treasury Bonds or Bills versus Agency Bonds or Discount Notes), to take advantage of aberrations in yield differentials.
4. Yield Curve Analysis: Analysis of the slope of the yield curve to determine the most attractive maturities for earning maximum return with minimal risk.
5. General Economic and Interest Rate Outlook: Review and analysis of current literature on interest rate projections to assist in timing transactions and selecting appropriate maturities.

Maturities on investments in the Local Government Investment Pool are as follows:

**NOTE 5 INVESTMENT POOLS (CONTINUED)**

**Foreign Currency Risk**

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The State Treasurer's investment policy does not have a specific policy on foreign currency risk. However, the listing of permissible investments includes descriptions on the limitations related to each investment type.

All holdings at June 30, 2024, were denominated in United States Dollars.

**NOTE 6 EXTERNAL INVESTMENT POOL (LGIP) – AMORTIZED COST**

STO implemented the provisions of GASB 79 as to the portfolio quality, custodial credit risk, and shadow pricing. STO reviewed each of the requirements listed in GASB 79 to allow election of amortized cost accounting and determined the criteria is consistent with the requirements of *Standard and Poor's* to ensure compliance with the delayed implementation. STO calculates NAV and submits pool data to S&P on a weekly basis. As for shadow pricing, STO performs a daily calculation that compares the market value of the assets held by the pool to the balances due to the participants. STO has determined that the assets exceed liabilities at June 30, 2024. The difference between the amortized cost and fair value is immaterial for the year ended June 30, 2024.

Below are the limitations or restrictions on LGIP participant withdrawals:

- Amounts less than \$30 million may be withdrawn within 24 hours of notice to the State Treasurer;
- Amounts of \$30 million to \$60 million require notice of 2 business days to the State Treasurer;
- Amounts of \$60 million to \$100 million require notice of 5 business days to the State Treasurer;
- Amounts in excess of \$100 million require notification of 10 business days to the State Treasurer.

Notwithstanding the withdrawal guidelines, the State Treasurer reserves the right to limit participant withdrawals if the State Treasurer determines that doing so is required to ensure the stability of the LGIP.

The State General Fund Investment Pool is part of the Local Government Investment Pool (LGIP), and whenever a combined presentation of the Investment Trust Fund is presented, these investments are eliminated.

Building Lease	0.50%	5/31/2026	650,351	-	(223,156)	427,195	(3,757)	222,118	205,077
Total Lease Liabilities			<u>\$ 1,224,385</u>	<u>\$ -</u>	<u>\$ (373,384)</u>	<u>\$ 851,001</u>	<u>\$ (17,414)</u>	<u>\$ 360,376</u>	<u>\$ 490,625</u>

The State Treasurer leases office space under a non-cancelable lease agreement with a five-year term beginning on June 1, 2020, and terminating on May 31, 2026 for \$18,713 per month. The State Treasurer leases office equipment under a non-cancelable lease agreement with a five-year term beginning on November 1, 2022, and terminating on October 31, 2027 for \$477 per month. The State Treasurer leases subscription based information technology under a non-cancelable lease agreement with a five-year term beginning on July 1, 2022, and terminating on June 30, 2027 for \$10,521 per month. Principal and interest payments recorded as expenditures for lease liability debt related to right-to-use lease assets for the year ended June 30, 2024, was \$390,798.

For the year ended June 30, 2024, commitments under leases prior to the commencement of the lease term were \$-0-.

The Office's principal and interest requirements to retire the lease liability debt obligations are as follows:

<u>Year Ended June 30,</u>	<u>Lease Liability Principal</u>	<u>Lease Liability Interest</u>
2025	227,768	2,514
2026	210,755	814
2027	5,707	15
Total	<u>\$ 444,230</u>	<u>\$ 3,343</u>

The Office's principal and interest requirements to retire the subscription liability debt obligations are as follows:

<u>Year Ended June 30,</u>	<u>SBITA Liability Principal</u>	<u>SBITA Liability Interest</u>
2025	132,608	7,652
2026	135,568	4,691
2027	138,595	1,665
Total	<u>\$ 406,771</u>	<u>\$ 14,008</u>

As of June 30, 2024, the Office has not entered into any additional lease or subscription agreements subsequent to year end.

**NOTE 14 PENSION PLAN – PUBLIC EMPLOYEES RETIREMENT ASSOCIATION**

The State Treasurer’s Office, as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple employer defined benefit pension plan administered by the Public Employees Retirement Association (PERA). Disclosure requirements for governmental funds apply to the primary government as a whole, and as such, this information will be presented in the Component Appropriation Funds Annual Financial Report (General Fund) and the Annual Comprehensive Financial Report (ACFR) of the State of New Mexico.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 14 PENSION PLAN – PUBLIC EMPLOYEES RETIREMENT ASSOCIATION (CONTINUED)**

Information concerning the net pension liability, pension expense, and pension-related deferred inflows and outflows of resources of the primary government will be contained in the General Fund and the ACFR and will be available, when issued, from the Office of State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

**Plan Description**

All of the State Treasurer's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, PO Box 2123, Santa Fe, NM 87504-2123. The report is also available on the NM PERA website.

**Funding Policy**

Plan members are required to contribute 8.92% of their gross salary. The State Treasurer's Office is required to contribute 17.24% of the gross covered salary for fiscal year 2024. The contribution requirements of plan members and the State Treasurer's Office are established in State statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The State Treasurer's contributions to PERA for the fiscal year ended June 30, 2024, were \$476,716, which equal the amount of the required contributions.

**NOTE 15 POSTEMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN**

The Office, as part of the primary government of the State of New Mexico, is a contributing employer to a cost-sharing multiple-employer defined benefit postemployment health care plan that provides comprehensive group health insurance for persons who have retired from certain public service positions in New Mexico. The Other Postemployment Benefits (OPEB) Plan is administered by the Retiree Health Care Authority of the State of New Mexico. Overall, total OPEB liability exceeds OPEB Plan net position resulting in a net OPEB liability. The State has determined the State's share of the net OPEB liability to be a liability of the State as a whole, rather than any agency or department of the State and the liability will not be reported in the department or agency level financial statements of the State. All required disclosures will be presented in the ACFR of the State of New Mexico.

Information concerning the net liability, benefit expense, and benefit-related deferred inflows and deferred outflows of resources of the primary government will be contained in the State of New Mexico ACFR, and will be available, when issued, from the Office of the State Controller, Room 166, Bataan Memorial Building, 407 Galisteo Street, Santa Fe, New Mexico, 87501.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 15 POSTEMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN  
(CONTINUED)**

**Plan Description**

The State Treasurer's Office contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978).

**Funding Policy**

For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2024, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. The State Treasurer's contributions to the RHCA for the year ended June 30, 2024, were \$49,579, which equal the required contributions.

**NOTE 16 RISK MANAGEMENT**

The State Treasurer is exposed to various risks of loss for which the State Treasurer carries insurance (auto; employee fidelity bond; general liability; civil rights and foreign jurisdiction; money and securities; property, and workers' compensation) with the State of New Mexico Risk Management Division. Public employee fidelity bonding coverage is self-insured by the State of New Mexico. The current policy year is July 1, 2023, to June 30, 2024. The limit of coverage is \$5,000,000, with \$1,000 deductible per occurrence. All State Treasurer employees are covered by this bond.

The State Treasurer had no significant reductions in insurance coverage from coverage in the prior year. The Office's risk management policy may require it to share in legal settlements after July 1, 2019, on a case-by-case basis. There were no legal settlements outstanding at June 30, 2024, through October 30, 2024, in connection with the risk policy.

**NOTE 17 REVERSION TO THE STATE GENERAL FUND**

Under State Statute 6-5-10 NMSA, 1978, all unassigned fund balances in reverting funds and accounts as reflected in the central accounting system as of June 30 shall revert by September 30 to the general fund. The Department of Finance and Administration may adjust the reversion within forty-five days of release of the audit report for that fiscal year.

The amount reverted to the State General Fund as of June 30, 2024, was \$542,594.

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024**

**NOTE 18 ARBITRAGE ON TAX EXEMPT BONDS**

The Tax Reform Act (TRA) of 1986 established regulations for the rebate of arbitrage earnings to the federal government on certain state and local government bonds. Arbitrage, as defined, is the excess interest earned by a State or local government on proceeds from the sale of its bonds over interest paid to bond holders. These rebates must be calculated annually and paid at the end of every fifth year until the bonds are retired. The Arbitrage Liability for the Office as of June 30, 2024 was \$29,789,557.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Michelle Lujan Grisham, Governor and  
President, State Board of Finance  
and  
Honorable Laura Montoya, State Treasurer  
New Mexico Office of the State Treasurer  
and  
Honorable Joseph M. Maestas, P.E., State Auditor  
New Mexico Office of the State Auditor  
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparison of the general fund of the State of New Mexico Office of the State Treasurer (the Office), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Office's basic financial statements, and have issued our report thereon dated October 30, 2024.

***Report on Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Office's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Honorable Michelle Lujan Grisham, Governor and  
President, State Board of Finance  
Honorable Laura Maestas, State Treasurer  
Honorable Joseph M. Maestas, P.E., State Auditor

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and responses, as item 2024-001 that we consider to be a significant deficiency.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Office’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item 2024-002.

***The State of New Mexico Office of State Treasurer’s Response to Findings***

*Government Auditing Standards* requires the auditor to perform limited procedures on the Office’s response to the findings identified in our audit and described in the accompanying schedule of findings and responses. Office’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Office’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Office’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED)  
JUNE 30, 2024

---

***Section II – Financial Statement Findings***

---

**2024-001 Arbitrage Liability (Significant Deficiency)**

Type of Finding:

- Significant Deficiency in Internal Control over Financial Reporting

**Condition:** The office does not have a policy in place to review the annual arbitrage requirement or to post the required liability.

**Criteria or specific requirement:** Internal controls should be in place to provide reasonable assurance that financial statements are prepared in accordance with U.S. GAAP. In addition, the Office should have a control in place to make sure they are in compliance with established regulations for the rebate of arbitrage earnings to the federal government on certain state and local government bonds.

**Effect:** The lack of controls in place, lead to a missed arbitrage liability being recorded at year end.

**Cause:** The office has not adopted a policy to ensure that all liabilities have been recorded in the financial statements at year end. In addition, there is a lack of communication between the Board of Finance (BOF) and the Office to ensure all applicable liabilities related to General Obligation Bonds and Severance Tax bonds have been recorded in the financial statements.

**Recommendation:** We recommend that the Office works closely with the BOF to make sure the applicable liabilities related to issued debt has been recorded at year end.

**Views of Responsible Officials and Planned Corrective Action:** The State Treasurer has already spoken to the Board of Finance Director to change the process to ensure that the State Treasurer's Office receives monthly statements from the arbitrage consultant. Once those monthly statements are received, the Chief Financial Officer will ensure that arbitrage estimate is properly recorded.

**Management's Timeline to Correct:** June 30, 2025

**Responsible Party:** Board of Finance, STO Chief Financial Officer

**STATE OF NEW MEXICO  
OFFICE OF THE STATE TREASURER  
SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED)  
JUNE 30, 2024**

**2024-002 Untimely Financial Close and Financial Reporting/Audit Readiness (Other Matters)**

Type of Finding:

- Other Matters in Internal Control over Financial Reporting

**Condition:** The Office was not able to close their books in a timely manner in preparation for the annual financial audit. There were numerous journal entries posted after the Office submitted the agency representation letter to DFA, furthermore, the Office did not submit audit requests by the applicable deadlines and extensions. Requested items were submitted between 30 and 45 days late.

**Criteria or specific requirement:** The office was required by the Department of Finance and Administration to submit their agency representation letter stating that they were ready to be audited 60 days prior to the deadline required to submit the audit to the State Auditor's Office.

**Effect:** The letter was submitted timely, but the Office was not prepared to be audited as of the deadline of September 1.

**Cause:** The office had turnover in key positions that lead to the delay in providing timely audit requests.

**Recommendation:** We recommend that the Office establish a timely close of the fiscal year process to ensure all audit requests can be submitted timely.

**Views of Responsible Officials and Planned Corrective Action:** Management has created a checklist with timelines and responsible parties to prepare for the audit throughout the course of the year.

**Management's Timeline to Correct:** December 31, 2024

**Responsible Party:** Deputy State Treasurer, STO Chief Financial Officer
